

# Developing a Problem Solving Culture

## How can individuals at all levels solve problems?

Progressive manufacturers reach higher levels of employee engagement by creating problem solvers. But it can be challenging to make sure that everyone is speaking the same language, understands their role in the problem-solving process not to mention prioritizing which problems to address first. You need a process that provides a clear, flexible path for individuals at all levels to follow and management systems that reinforce the right behaviors. Join us to learn from your peers how they are creating an army of problem solvers and their lessons learned along the way.

## Honeywell

Leigh Erickson, Operations Manager

## 3M

Doug Meyer, Operational Technology Specialist

## Pentair Flow Technology

Matt Kanz, Plant Manager

## Moderated by:

Julie Christiansen, Propel Progress

---

## Sponsor:

DKS Systems

[www.dkssystem.com](http://www.dkssystem.com)

## Seminar Fee:

Members: Complimentary\*

Non-Members: \$55

\*Members may bring up to five individuals at no cost

*“Seminars provide great information on what others are doing. I’ve pulled away several ideas to use at work.”*

Lisa Mingo  
Human Resources  
KEB America Inc.

## Date & Time:

Thursday December 13, 2018

7:30 - 9:30 a.m.

## Location:

Hennepin Technical College - Auditorium

9000 Brooklyn Blvd.

Brooklyn Park, MN 55445

(map at [www.mfrall.com](http://www.mfrall.com))

## Reservations:

On-line at [www.mfrall.com](http://www.mfrall.com) by Tuesday, December 11<sup>th</sup> or contact us at 763-533-8239

or [ma@mfrall.com](mailto:ma@mfrall.com)

HD Videos of this Seminar will be available a few days after the event.
