

Toyota Kata Coaching

Offered as part of the Lean Leader Certification

Your instructor:

Sam Wagner has led continuous improvement, quality, and manufacturing teams in the Aerospace, Construction, and Plastics industries for more than 20 years. He is a frequent presenter of best practices at both local and international conferences.

"This workshop was a real, practical application of the material and topics. Great experience with both Learner and Coach roles. Instructor was extremely knowledgeable about the subject!"

Bill Ayotte
Supervisor
Curtiss-Wright

Succeed as a Lean Leader by learning how to coach a critical mass of problem solvers. Don't just tell your direct reports what to do, guide them in making their own decisions and developing skills.

Toyota Kata Coaching will help you develop people by promoting behavior that is best suited to help individuals use lean improvement techniques. In this advanced-level workshop individuals will learn a practical way to be a better coach, reach improvement outcomes with their team, and ensure all coaching in their company follows lean best practices.

Individuals will also learn:

- The Kata Coaching Cycle and Structure
- The 5 Toyota Kata coaching questions
- How coaching systems guide behavior and create culture
- How to apply the practical coaching tools provided
