

Manufacturers Alliance

Sharing Education & Resources Peer to Peer

For over 25 years, the Manufacturers Alliance has been the leader in helping member companies meet their Lean and leadership development objectives. Our model is unique: provide the best practical peer-to-peer training, networking and resources available. Real-world lessons meet the test of practical applications, reducing the risk associated with change.

"I've always recommended company membership because of the exceptional manufacturing specific training, education, and resources."

Brian Rome, VP Operations
Versare

"I recommend Peer Group membership because it provides valuable insight and benchmarking opportunities on current manufacturing challenges."

Angie Wordell, VP Operations
Graco
