

Kaizen Rapid Improvement

An intense experiential workshop blitz.

Offered as part of the Lean Practitioner Certification

Your instructor:

Kara McPipe has over 11 years of experience facilitating and managing Continuous Improvement efforts including 100+ Kaizen activities. She finds passion in seeing others improving their jobs and lives through Continuous Improvement.

"I was able to take what I learned and use it the next week in one of our international locations."

Gary Zajicek
Manager, International Manufacturing
Starkey Laboratories, Inc

Do you need productivity and cost improvements NOW? This workshop will provide the education and experience that is necessary for you to deploy rapid improvement teams at work. You will learn to measure what is important, gather the necessary resources, decide who does what, and set and accomplish a one week schedule for project completion. Most importantly, you will see how to accomplish more in less time than most teams take to agree on what they should be doing.

Team Simulations:

Attendees participate in interactive team exercises that demonstrate in a practical manner the application of rapid improvement principles and techniques. The best way to learn is by doing!

- ◆ Rapid improvement process tools
- ◆ Performance measurement
- ◆ Simulation of a rapid improvement project
- ◆ How to overcome barriers
