

EXECUTIVE OPERATIONS PEER GROUP

A Peer Group of
Manufacturing Leaders
Responsible for
Operational Strategy
and Execution

Manufacturers Alliance
Sharing Education & Resources Peer to Peer

Gain insights from experienced peers facing similar challenges
Expand networking base with other operations leaders
Learn by sharing strategies, planning processes, and systems

TYPICAL CHALLENGES

- Moving beyond Lean tactics to build a Lean mindset
- Building a team of problem solvers using tools that work
- Dealing with cultural and diversity challenges in the workforce
- Sustaining process improvements by creating a culture of excellence
- Making optimal staffing choices and planning for desired future state
- Creating a culture that embraces change, CI, and excellence

“Peer groups allow me to expand my network of professionals & gain valuable insights. The presentations, knowledge sharing, tours, and benchmarking other companies give me further insight to make my company better.” - Angie W., Graco Inc.

HOW YOU BENEFIT

- Benchmarking tours to learn how peers develop & implement ops strategies
- Sharing best practices in a setting with candid and confidential feedback
- Access to online peer group forum and video library for personal growth
- Enjoy benefits of company membership, including free seminars
- Discounts for workshops, certification classes, and on-site training
- Resources and proven solutions to help you achieve goals
