TYPICAL CHALLENGES

- Creating and sustaining the desired company culture
- Preparing the organization for change through leadership development
- Learning best practices for training and development systems
- Aligning company initiatives to strategic goals and objectives
- Workforce planning and talent stewardship
- Setting the groundwork to be a good corporate citizen

“Human Resources can be a lonely profession as so much of what we deal with is confidential in nature. It is wonderful to be able to gather with other HR professionals to swap ideas and generate strategies through new information. I never leave a meeting without feeling enlightened or invigorated.”
- Erin J., HR Director
