SUPPLY CHAIN MANAGEMENT PEER GROUP

A Community of
Supply Chain
Leaders Working
on Business
Challenges

Gain insight for your toughest supply chain issues
Learn proven solutions from your peers
Accelerate progress for you and your organization

TYPICAL CHALLENGES

- How to assess supply chain risk levels
- Supplier selection for higher quality/lower costs
- Pulling supply chain levers that impact profits
- Evaluating international vs. local supply partners
- What's new in technology-driven change (DDMRP, IoT, AI...)
- Supply chain metrics that drive the business

"Peer groups allow me to expand my network of professionals & gain valuable insights. The presentations, knowledge sharing, tours, and benchmarking other companies give me further insight to make my company better." - Angie W., Graco Inc.

HOW YOU BENEFIT

- Benchmarking meetings with peers covering key supply chain topics
- Outside & peer experts share best practices to solve issues
- Access to peer group online forum for questions
- Peer group members may attend monthly educational seminars
- Discounts for workshops and certification classes
- Resources and proven solutions to help you achieve your goals
