

# Senior Lean Practitioner Certification Online

## Online Training Requirements

Complete the 5 required workshops, one elective workshop, project and presentation. All workshops are live online.

## Online Coaching Requirements

Coaching will help you apply what you have learned to your project and final presentation.

## Online Project & Presentation

Submit a project for review. This project will demonstrate your ability to lead and coach others to make measurable improvements by applying the techniques gained in coursework. A manager must sign off on the project.

## Online Tools & Templates

Templates are available online to help you apply the techniques learned.

## Online Program Fees

The fee includes required workshops, materials, coaching and project evaluations.

Member companies: \$2,250  
Non-member companies: \$2,650

Manufacturing companies need leaders that can effectively coach and engage others in problem solving. Without these leaders higher levels of performance will not be sustained. Don't let your workforce's potential go by untapped. Learn how to provide a clear path for everyone to continuously improve by becoming...
