

Manufacturers Alliance
Providing Training & Education Peer to Peer

EXECUTIVE OPERATIONS PEER GROUP

Gain insights from experienced peers facing similar challenges
Expand networking base with other operations leaders
Learn by sharing strategies, planning processes, and systems

TYPICAL CHALLENGES

- Moving beyond Lean tactics to build a Lean mindset
- Building a team of problem solvers using tools that work
- Dealing with cultural and diversity challenges in the workforce
- Sustaining process improvements by creating a culture of excellence
- Making optimal staffing choices and planning for desired future state
- Creating a culture that embraces change, CI, and excellence

"Peer groups allow me to expand my network of professionals & gain valuable insights. The presentations, knowledge sharing, tours, and benchmarking other companies give me further insight to make my company better." - Angie W., Graco Inc.

HOW YOU BENEFIT

- Benchmarking tours to learn how peers develop & implement ops strategies
- Sharing best practices in a setting with candid and confidential feedback
- Access to online peer group forum and video library for personal growth
- Enjoy benefits of company membership, including free seminars
- Discounts for workshops, certification classes, and on-site training
- Resources and proven solutions to help you achieve goals
