

LEAN PRACTITIONER CERTIFICATION

Workshop Requirements

Complete the six required workshops and one elective workshop. All workshops are held in person.

Exam Requirements

After each required workshop, take a short online exam to demonstrate comprehension of material.

Coaching Requirements

Complete a single online coaching workshop to apply what you have learned toward your two projects.

Project Requirements

Submit two Lean projects for review. These projects will show measurable benefit to a company by applying knowledge and techniques gained through coursework. A manager and peer from the company must sign them off.

Tools & Templates

Templates are available online to help you apply the techniques learned.

Program Fees

The program fee includes required workshops, exams, coaching, and two project evaluations.

Member companies: \$2,100
Non-member companies: \$2,500

To compete in today's environment, manufacturing companies need to actively support continuous improvement by focusing on applying Lean principles. How can you learn the skills and techniques necessary to eliminate waste and solve problems in your organization?

Start by becoming . . .
