## KAIZEN EVENT MISTAKES TO AVOID

| 1 | DON'T START UNTIL YOU HAVE A MEASUREABLE G<br>Goal:  | OAL AND A SPONSOR FROM MANAGEMENT |
|---|--|-----------------------------------|
|   | Sponsor:   |                                   |
|   |  |                                   |
| 2 | DON'T FORGET TO TRAIN YOUR TEAM ON THE KAIZ Training needed:                                 | _                                 |
|   | _  | ☐ Visual Management & 5S          |
|   | ☐ Creating Process Maps  | ☐ Standard Work                   |
|   | $\square$ Root Cause Analysis  | □ Other:                          |
|   | ☐ Kaizen Rapid Improvement   |                                   |
|   |  |                                   |
| 3 | <b>DON'T HAVE MORE THAN ONE C.A.V.E PERSON ON</b> (Citizen Against Virtually Everything)     | AN EVENT                          |
|   |  |                                   |
| 4 | <b>DON'T TRY TO ACCOMPLISH TO MUCH.</b> Stay focused by using a "parking lot" for ideas      | out of scope                      |
|   |  |                                   |
| 5 | <b>DON'T LET ONE PERSON DOMINATE THE EVENT</b> Ask for input and participation from everyone |                                   |
|   |  |                                   |
| 6 | <b>DON'T FORGET TO REFLECT ON YOUR KAIZEN EVEN</b> Use a post event evaluation               | Т                                 |
|   |  |                                   |
| 7 | <b>DON'T FORGET TO CELEBRATE SUCCESS</b> Take before and after pictures of the process a     | and team                          |
|   |  |                                   |
| 8 | <b>DON'T LIMIT IMPROVEMENT TO YOUR EVENTS</b> Allow lots of improvements to happen daily     |                                   |
