

# LEADERS STANDARD WORK

Build the management foundation essential for lean transformation success. Develop daily leadership practices that create cultural support systems, drive continuous improvement, and ensure sustainable operational excellence through disciplined, structured management approaches.

## YOU'LL LEARN TO:

- ✓ Understand Lean management system elements
- ✓ Develop standard work for all leadership levels
- ✓ Ensure consistent daily practice execution
- ✓ Identify who needs standard work protocols
- ✓ Create milestones and symbols to rally support behind the vision
- ✓ Maintain accountability and generate results

## DESIGNED FOR

Managers with direct reports and 10+ years experience
