

# STRATEGY, SCORECARDS & ACCOUNTABILITY

Leaders that know what is at stake give their team a reason to get results and don't worry about putting posters on a wall. This course helps attendees develop priorities that have resources, scorecards that provide feedback, and accountability to reach commitments.

## YOU'LL LEARN TO:

- ✓ Prioritize effectively when resources are limited and competing demands exist
- ✓ Identify future opportunities and communicate strategic vision
- ✓ Shift from fight fires to proactive planning and prevention
- ✓ Leverage data and metrics to drive informed decision-making
- ✓ Hold yourself and others accountable to meet commitments

## DESIGNED FOR

Experienced Supervisors and Managers ready for bigger challenges and broader influence
