FMEA & DESIGN FOR MANUFACTURING ASSEMBLY

Learn how to use FMEA and DFMA to identify risks, prevent failures, and improve product and process quality. Participants will evaluate designs and processes, prioritize potential failure modes, and apply preventive actions to strengthen reliability and reduce costs.

YOU'LL LEARN TO:

- ✓ How to identify potential failure modes
- ✓ Ways to assess and prioritize risk
- ✓ How to develop preventive actions
- ✓ Techniques to improve reliability and quality
- ✓ How DFMA supports cost and process improvement

WORKSHOP FEE:
Members: $345 per person
Non-members: $445 per person

CUSTOMIZED TRAINING
Available to be brought onsite and customized to your needs.

DESIGNED FOR

Engineers, quality professionals, and product or process improvement teams.
