LEADING ORGANIZATIONAL CHANGE

Leaders that move the business forward first need to understand the current state of the business, team dynamics, and process flow. This course will help you lead the type of change that will connect silos, remove tunnel vision and improve the way work gets done.

YOU'LL LEARN TO:

- ✓ Maneuver through policy and politics diplomatically
- ✓ Professionally decline low-impact ideas or fad technologies
- ✓ Create organization-wide energy and optimism for the future
- ✓ Decide when 80% solutions are sufficient versus pursuing perfection
- ✓ Collaborate with cross-functional leaders and external partners
