SIX SIGMA DEFINE & MEASURE

Learn how to apply the DMAIC process to define standards, measure performance, and establish process baselines. This workshop helps participants align improvement goals with customer and business needs while building a strong foundation for data-driven quality improvement.

YOU'LL LEARN TO:

- ✓ How to apply the DMAIC methodology
- ✓ Ways to define process standards and baselines
- ✓ Techniques to measure process performance
- ✓ How to align goals with customer needs
- ✓ Strategies for data-driven quality improvement

WORKSHOP FEE:
Members: $345 per person
Non-members: $445 per person

CUSTOMIZED TRAINING
Available to be brought onsite and customized to your needs.
